## Movie, DVD, & Book Reviews

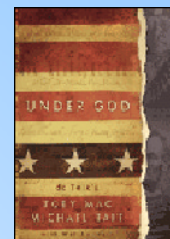

### **'The Lion, The Witch & The Wardrobe**

When I found out that Walt Disney Pictures and Walden Media were coming out with a new version of the famous Chronicles of Narnia: The Lion, the Witch and the Wardrobe movie I knew it was time that my teenage children read the book before they saw the movie.

C. S. Lewis captured their attention immediately, and they were hooked into reading the whole set. of the Chronicles. Last Christmas season my husband and I took our teens and one of our granddaughters to see the Movie. We sat captivated by the magical world of Narnia. Now in time for Easter this wonderful movie will come out in DVD. If There is only one movie that we buy this year - this is the one!

### **UNDER GOD**

by Toby Mac and Michael Tait of DC Talk

This easy to read book is a true history of America's forefathers, presidents, Civil Right leaders and other heros that helped shape our nation **Under God**. This book is written in 60 story chapters. I had my teens read one chapter a day for part of their school assignment. It was not long before they started sharing the stories with the rest of the family during dinner time. It truely captured their interest in learning the history of America. Our hats go off to Toby Mac and Michael Tait. My teens are now reading Mac & Tait's newest book - "**Living Under God**".

*Michael:* It's really time for the believer to stand up and say, "You know what, I'm a follower of Christ at all costs."

*Toby:* The one thing that we can't forget, the one thing that we have to hold on to, is that we are one nation, under God.
